## **OVERVIEW OF THE PROJECT:**

- travel agency website name is VPA Travels it allows you to travel around the globe.
- Our website consists of a navigation bar having a home, features, places to visit and contact us for in the options.

1.Home-It provides a brief about our website.

2.Features-It provides the features which our company provides to the customer.

3.Places to visit-It provides a comprehensive list of places you can visit.

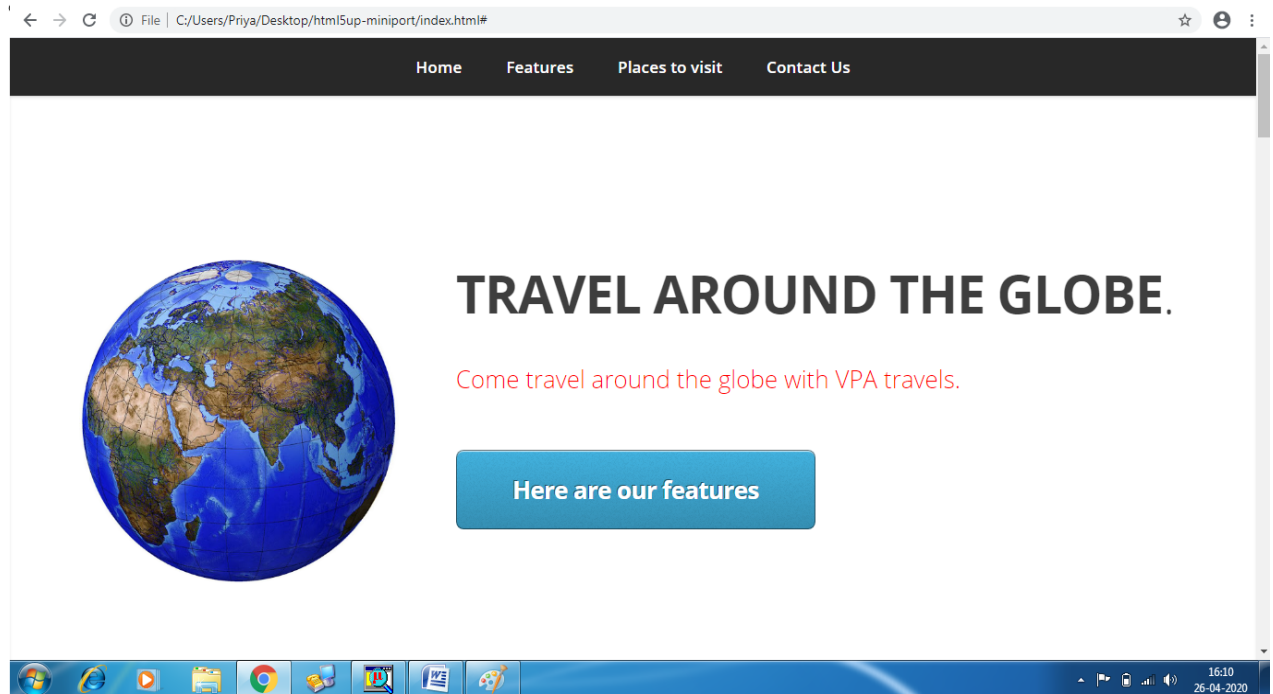

4.Contact us-It provides a form in which you can provide your details and contact us.

## **FEATURES IMPLEMENTED IN OUR WEBSITE:**

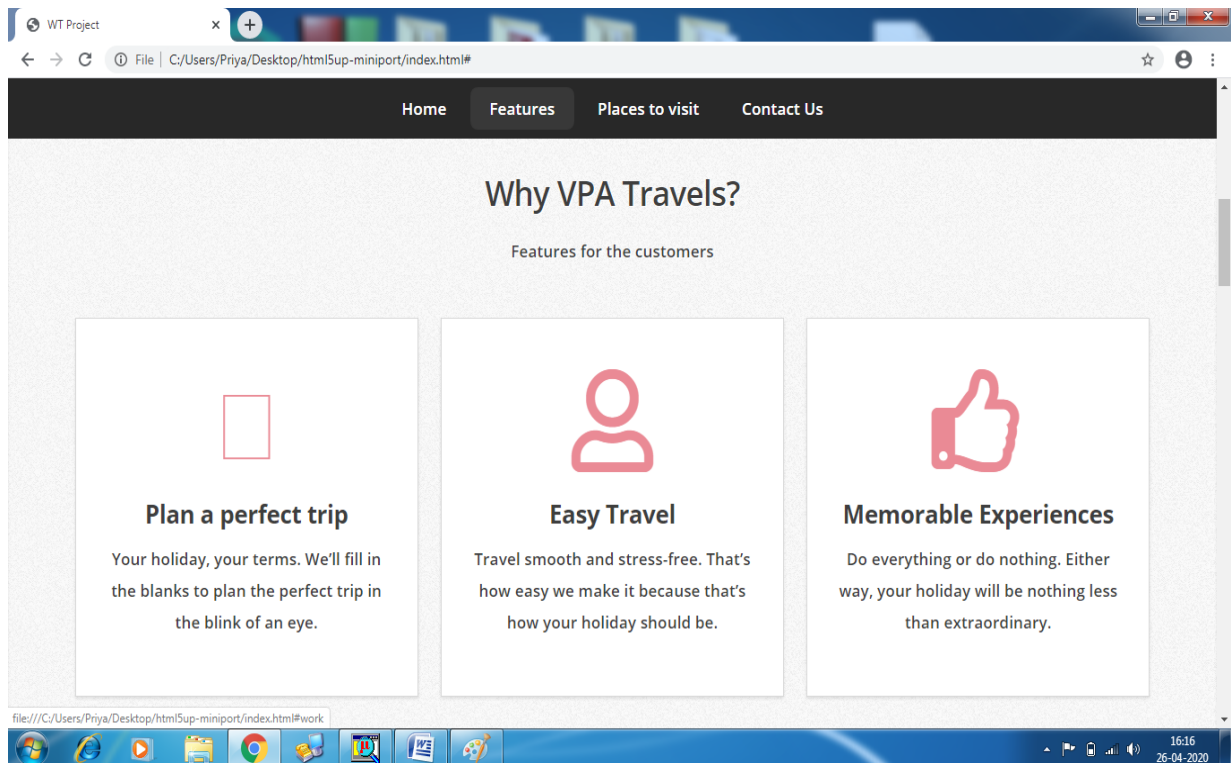

1. We have used an external css in our wesite.
2. We have created a navigation bar using<nav id="nav">
3. We have attached images for the places to visit.
4. In features we have included box using<section class="box style1">
5. We have linked our index page with home page by using a button onclick feature in html.
6. We have created a contact us form which includes two buttons namely send message and clear form.
7. Send message throws an alert box which is a feature of javascript
8. Clear form is used to clear the form if the user makes any mistake.
9. So,by this we have included css and javascript along with html in our project.
